Allegis is the world expert in supplying components that secures and protects vehicles, trailers, heavy equipment, HVAC, telecommunications, electrical cabinets, power generation and more. No one knows more about how to combine all of the right components — handles, latches, hinges, gaskets and gas springs — to increase productivity, enhance ease of access, and reduce manufacturing and maintenance costs. Based in the the U.S., Allegis works with organizations worldwide, from start-ups to Fortune 100 manufacturers to help them make their products better. Working with great suppliers like Trim-Lok to help you make better products, is what we do best.

### BENEFITS OF THE FENDER FLARE

The newest accessory in the Truck & Transportation market. Not only will it enhance the appearance of your vehicle, but fender flare trim improves functionality by adding extra tire coverage. Since they're helpful in blocking road debris and preventing rust, rubber fender flares and fender trim molding are a great way to keep your vehicle's fender safe and protect the body of your car. Trim-Lok's Fender Flare is the best way to ensure that your fender flare causes no damage to the rest of your truck body.
